**Fall Meeting 2000**

1. The names of the *Environmental Chemistry Graduate Student Award* winners were published in a recent issue of **Environmental Science and Technology**.

2. There were 10 applicants for the Graduate Student Paper Award. Manuscripts were sent out for review in January. Thanks to the following reviewers: Pamela Rice, Patricia Rice, Hiroshi Awata, Richard Watts, Kevin Johnson, Debbie Shupack, and Brenda Perkovich.

Each manuscript received at least 2 reviews. Based on the average scores and reviewer comments, I sent letters to Brian Mader, Brian Desharnais, Paul Hartmann, Alexa Rihana, and Timothy Strathmann indicating that they were the 2000 winners. The Award Symposium is scheduled for Tuesday morning followed by the Division dinner at which the award presentations will be made.

3. The 2001 award announcements will be mailed in September.
