A report was made stating the probationary division Chemical Health and Safety was not granted division status despite the fact it had started with approximately 50 members at the New Orleans Annual Meeting and currently had approximately 700 members. Several alternate actions are: (1) No longer continue the effort to establish the division; (2) To merge the probationary division with our division; and (3) To reintroduce the request and start over as a new probationary division.

A report was made on the Division Dinner to be held at Ciszko's Restaurant this evening. The division is committed to 80 tickets and had sold 69 at noon time today.

The meeting was adjourned at 4:40 pm.

Respectfully submitted,

Robert L. Jolley  
Secretary
